

Caseville Harbor, MI

Harbor Features

- Located at the mouth of the Pigeon River on the east shore of Saginaw Bay, about 17 miles southwest of Port Austin, MI.
- Authorization: River & Harbor Act of 23 Oct 1962
- Shallow draft recreational harbor
- Project depth ranges between 8 and 10 feet
- Over 4,000 feet of maintained Federal channel
- Approximately 1,800 feet of pier
- Dredged material is placed along the beach as beach nourishment.
- Major stakeholders include the Michigan DNR, Village of Caseville, and various marina owners.

Project Requirements

- Approximately 10,000 to 18,000 cubic yards of material must be dredged on a three to five year cycle; the harbor was last dredged 2009.
- The harbor requires maintenance dredging in 2013.

Consequences of Not Maintaining the Project

- Loss of jobs locally
- Loss of recreational and charter fishing in the area
- Federal breakwater protects infrastructure including public boardwalk
- Potential safety issues for recreational boating community

Transportation Importance

- This project serves as an important Harbor of Refuge and supports charter fishing and recreational navigation interests.
- The local community has established a significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
- Supports 200 recreational boat slips
