Chippewa Harbor, MI

Harbor Features

- Located on Isle Royale, an island in northwest Lake Superior, Chippewa Harbor is situated approximately 50 miles north of Michigan's Upper Peninsula's shoreline.
- Authorization: River & Harbor Acts of 2 Mar 1945, 17 Aug 1967
- Shallow draft recreational harbor; provides an entrance channel connecting the inner and outer harbors.
- Project depth is 14 feet
- Major stakeholders include the National Park Service, the Michigan DNR, and a variety of recreational interests.

Project Requirements

- This harbor requires very infrequent maintenance dredging because the channel was constructed in a hard bottom area.

Consequences of Not Maintaining the Project

- Loss of jobs locally
- Loss of access to the National Park and other recreation opportunities in the area.

Transportation Importance

- This project serves as an important Harbor of Refuge and supports the National Park Service on Isle Royale and recreational boating.
- The navigation channel provides subsistence ferry service to Isle Royale from both Michigan and Minnesota harbor facilities that generates income from regional visitors to the area.
