## PUBLIC NOTICE

RE: Environmental Assessment, Dredged Material Placement, Moon Island, Chippewa County, Michigan

The U.S. Army Corps of Engineers (USACE), Detroit District, provided the Environmental Assessment (EA), titled *Dredged Material Placement, Moon Island, Chippewa County, Michigan*, for agency and public review pursuant to the National Environmental Policy Act (NEPA) on April 3, 2014. The EA addressed the potential environmental impacts of placing shoal material dredged from the Federal navigation channel in the St. Marys River at Moon Island.

At this time, dredged material placement into Moon Island is no longer being considered. Questions or comments regarding this notice can be directed to Mr. Paul Allerding at 313-226-7590 or the undersigned at 313-226-2476.

Sincerely,

A handwritten signature in black ink that reads "Charles A. Uhlarik".

Charles A. Uhlarik, Chief  
Environmental Analysis Branch
