## International St. Lawrence River Board of Control

### ***You are invited to our next multi-city teleconference!***

- WHAT** The International St. Lawrence River Board of Control invites you to participate in a multi-city teleconference on the evening of **October 12, 2004**. The purpose is to increase public input about local conditions and impacts of concern related to water levels and flows in Lake Ontario and the St. Lawrence River.
- WHERE** You may participate in the teleconference from one of these local meeting sites:
- Montreal, Quebec** - Centre Communautaire Sarto-Desnoyers, 1335 avenue Bord-du-lac, Borough of Dorval, Montreal, Quebec
- Rochester, New York** – Xerox Auditorium, James Gleason Building, Rochester Institute of Technology, Jefferson Road, Henrietta, NY.
- Watertown, New York** – Ramada Inn, 6300 Arsenal Road (at exit 45 of hwy 81)
- Burlington, Ontario** – Burlington on the Lake Travelodge Hotel, 2020 Lakeshore Road
- Brockville, Ontario** - Quality Hotel-Royal Brock, 100 Stewart Blvd
- FORMAT** **6:30 p.m. - 7:30 p.m.** A Board member or representative will facilitate each local meeting and provide information on current conditions and the water levels outlook. Public participants will determine the information to be conveyed on the conference call. ***An update on the Lake Ontario St. Lawrence River Study will also be provided.***
- 7:30 p.m. - 8:30 p.m.** The teleconference will link the five local meetings. The teleconference chair will request one specific comment from each site, rotating among and returning to sites in order to elicit as much information as possible about local conditions and impacts of concern.
- 8:30 p.m. - 9:00 p.m.** Participants will be asked to evaluate the teleconference. Board members or staff will remain available for wrap-up.
- RSVP** In order to facilitate logistical arrangements, please **RSVP to one of the secretaries below by October 5**. Please indicate which local meeting you plan to attend. Those who have RSVP'd will be notified in advance if the location changes. Updates will also be posted at [www.islrbc.org](http://www.islrbc.org).
