Corps of Engineers awards contract to Michigan company for Ontonagon Harbor dredging project

DETROIT – The U.S. Army Corps of Engineers, Detroit District, has awarded a dredging contract for Ontonagon Harbor on Lake Superior in the western Upper Peninsula.

The \$328,350 contract was awarded to Great Lakes Dock & Materials, LLC, of Muskegon, Mich. It calls for dredging 50,000 cubic yards of shoal material, which will be deposited on the lakeshore as beach nourishment. Work is scheduled to begin in early June and wrap up in July.

“This work will foster vital economic activity such as the transport of raw materials, which helps keep people working” said Lt. Col. James Davis, district engineer.

For more details, please contact the Detroit District Public Affairs Officer, Lynn Duerod, at 313-226-4680, or Project Manager, Angie Mundell at 313-226-5005.
