

Current dredged material disposal is located at Bayport CDF.
 The area north of the Bayport CDF and the Cat Island Chain is currently eroded away.

Green Bay Harbor DMMP, Green Bay, WI

Location and Vicinity Map

Note : Dredged material from the outer channel, Bay mile 3 thru 11 ¼ is suitable for unrestricted placement.

Dredged material from the upstream 0.5 miles to Bay mile 3 will be evaluated periodically to determine suitability.

Assume 30% of the dredged material from Bay mile 0-3 is suitable for unrestricted placement.
