## Corps to host “Waterways, Wetlands, and You!” informational meetings

**DETROIT** – The U.S. Army Corps of Engineers, Detroit District, will host several information forums “Waterways, Wetlands, and You!” about the Corps’ regulatory program.

These events, facilitated by the Corps’ Regulatory staff, will provide an overview of the Corps regulatory program and give the public an opportunity to ask questions directly to the team members that review permit applications and enforce unpermitted or noncompliant work under the Corps’ regulatory jurisdiction.

These forums will also provide an opportunity to interact with Regulatory Project Managers to discuss working in regulated waterways, wetlands, and along shorelines; when a permit is required from the Corps; and the information needed to apply for a permit.

Residents, property owners, contractors, advocacy groups, or anyone interested in the Corps Regulatory Program are welcome to attend. The forums will be held at the following locations, dates and times. There will be two identical forums per day with question and answer periods and discussions during each session.

### **Fort Wayne, Indiana**

Tuesday, April 12, 2011  
Allen County Public Library  
900 Library Plaza  
Session one: 1:30 - 4:30 p.m.
