PROJECT INFORMATION SHEET
February 2011

PROJECT: Pike River, Village of Mt. Pleasant, Racine County, Wisconsin - Section 206 (C-CAP)

DESCRIPTION: The Pike River is located in the Village of Mt Pleasant approximately 4 miles west of Racine, Wisconsin and approximately 20 miles south-southwest of Milwaukee, Wisconsin. The Upper Pike River is a rapidly urbanizing watershed with substantial urban and agricultural lands. The river exhibits flashy and powerful discharges with significant aggradation and degradation of the streambed and the surrounding wetlands. Bank stability is low and there is high potential for erosion events during high flow conditions. The purpose of the project is to restore approximately 1 mile of river through natural stream features (meanders, shelter areas, and deep riffle pool complexes) and prairie and wetlands in selected reaches; to enhance aquatic habitat; and to improve overall water quality.

CONGRESSIONAL INTEREST: Ryan (WI-1); Senator Johnson (WI), Senator Kohl (WI)

LOCATION MAP & PICTURE:

NON-FEDERAL PROJECT SPONSOR: Mt. Pleasant Storm Water Drainage Utility District (POC: Bill Sasse, 262-554-8750 Ext. 217)

PROJECT AUTHORITY: Section 206, Water Resources Development Act of 1996, as amended – Aquatic Ecosystem Restoration

FUNDING:

	<u>Total</u>	<u>Federal</u>	<u>Non-Federal</u>
Current Working Estimate:	\$ 7,100,000	\$ 4,615,000	\$ 2,485,000
Funds Allocated prior to FY11:	\$	\$ 66,000	\$
FY11 Energy and Water Allocation:	\$	\$ 309,000	\$
FY11 GLRI Allocation:	\$	\$ 0	\$
FY12 Budget:	\$	\$	\$
Funds required to complete (>FY12):	\$ 6,745,000	\$ 4,260,000	\$ 2,485,000

STAGE: Feasibility

STATUS: In FY11, funding will be used to complete a determination of federal interest (DFI). Upon approval of the DFI, FY11 funding will be used to initiate detailed feasibility studies.
