The U.S. Army Corps of Engineers (Corps) Detroit District Regulatory Office invites you to attend a forum/workshop entitled, "*Waterways, Wetlands, and You!*" The forums will include a brief presentation providing an overview of the Corps' Regulatory Program and offer an opportunity to interact with Corps Regulatory staff about any projects that you may be considering on your property. Topics being covered include working in regulated waterways, wetlands, and along shorelines; when a permit is required from the Corps; information on applying for permits; and services that the Corps' Regulatory Office provides to the public.

Following the presentation, we will be conducting an application workshop. The workshop will guide you through the steps of filling out an application and provide you with the opportunity to sit down with a Regulatory Project Manager to discuss proposed or completed projects. The forums will be held at the following locations on the specified dates and times:
