ADDITIONAL INFORMATION SUPPORTING NJD (e.g., paragraph 1 site conditions; paragraphs 2-3 rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 site information on waters of the U.S. occurring onsite):

Jurisdictional wetlands are contiguous to an unnamed tributary of West Creek, which is part of the tributary system of the Kankakee River, a navigable water of the United States. The non-jurisdictional pond is an excavated pond in a golf course that lacks flowing water connections to the County drainage network.
