

DEPARTMENT OF THE ARMY
DETROIT DISTRICT, CORPS OF ENGINEERS
477 MICHIGAN AVENUE
DETROIT, MICHIGAN 48226

March 15, 2018

Engineering and Technical Services Division
Great Lakes Hydraulics and Hydrology Office

To Our Lake Winnebago Partners:

The purpose of this letter is to inform you of our upcoming interagency conference call regarding the Lake Winnebago refill strategy. The conference call is scheduled for Wednesday, April 11, 2018 at 9:00 AM (C.D.T.). During the conference call, recent basin conditions and the spring refill strategy will be discussed. The agenda for the conference call is as follows:

- Introduction and conference call guidelines
- Basin conditions to include:
 - Lake Winnebago water levels, snow pack, ice cover, river flows
- Expected spring conditions
- Spring refill strategy
- Open forum for questions and comments

This conference call is open to the public. To join the conference call, please dial **(877) 873-8017** and enter **5016219** when prompted for the access code. After entering the access code, you will be asked to enter the security code which is **1234**. Once you have joined the conference call, please press ***6** to mute your phone. You may press ***6** again during the call if you wish to speak.

We would like to send out our meeting notices and information using email whenever possible, but will continue to mail out hard copies to those people who do not use email. Should you wish to be added to our email distribution list, please send an email to Keith.W.Kompoltowicz@usace.army.mil.

If you have any questions please feel free to call Mr. Keith Kompoltowicz at (313) 226-6442.

Sincerely,

Marie T. Strum, P.E.
Chief, Engineering and Technical
Services Division
