

**DEPARTMENT OF THE ARMY**  
DETROIT DISTRICT, CORPS OF ENGINEERS  
477 MICHIGAN AVENUE  
DETROIT, MICHIGAN 48226

September 5, 2018

Engineering and Technical Services Division

To Our Lake Winnebago Partners:

You are invited to attend the interagency coordination meeting concerning the regulation of the outflows from Lake Winnebago into the Lower Fox River. The meeting will be held at the Corps of Engineers' Fox River and Wisconsin Operations Office located at 2619 East Capitol Drive, Appleton, WI on Wednesday, October 10, 2018 at 2:00 PM (C.D.T). A map of the location is enclosed.

This is an interagency meeting that will be open to the public. It is being conducted to exchange information between the Corps of Engineers and representatives of other groups that have expressed an interest in the water resources management of the Lake Winnebago Basin.

The meeting agenda is as follows:

- a. Regulation Actions, October 2017 - September 2018
- b. Regulation Strategy, October 2018 - September 2019
- c. Other Items of Concern

We look forward to your participation. If you have any questions, please contact Mr. Keith Kompoltowicz at (313) 226-6442 or [keith.w.kompoltowicz@usace.army.mil](mailto:keith.w.kompoltowicz@usace.army.mil).

Sincerely,

Marie T. Strum, P.E.  
Chief, Engineering and Technical  
Services Division
