

PROJECT INFORMATION SHEET

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG

I-FPMS-Flood Damage Mitigation Study, Duluth MN

Description

This project is located in Duluth, Minnesota. The City of Duluth requested assistance through the Flood Plain Management Services (FPMS) Program to perform hydraulic modeling of the Upper Chester Creek watershed in order to plan for future land use development and reduce flooding. Currently this project is in the initial phases where the scope of work, budget and schedule are being developed.

Congressional Interest

Nolan (MN-8); Senator Smith (MN), Senator Klobuchar (MN)

Location Map & Picture

Non-Federal Project Sponsor

City of Duluth, MN

Project Authority
